LOCAL NEWS.

One drunk paid six dollars into the Police Court yesterday.

Colonel M. Thompson has our thanks for an interesting file of Eastern exchanges.

The steamer *St. Paul* sails for San Francisco at noon to-day, taking a full cargo of sugar.

The steamship *Australia* arrived yesterday afternoon, six days from Sydney, N. S. W.

We call attention to the advertisement of A. L. Smith, in this issue, in regard to Christmas goods.

St. Alban's College closes to-day for the Christmas vacation. The school will re-open early in January next.

Only one passenger in the steamer for this port by the *Australia* yesterday. There were twenty-five through passengers.

The weather showed signs of penitence yesterday morning, but, like mankind generally, it relapsed before night and was as bad as ever.

At the sale of Lyons & Cohen this evening there will be sold a fine lot of jewelry and opera glasses, besides the numerous articles advertised in this paper.

Yesterday morning the Royal Hawaiian Band gave a complimentary concert and serenade at the residence of the Hon. A. F. Judd, on Nuuanu avenue.

A dinner party was given last evening at the residence of Mr. C. T. Gulick, on King street. The band was in attendance, and played some very fine selections.

People in the vicinity of the Chinese Theater were startled by a loud report, yesterday afternoon about two o'clock, which, on investigation, proved to be a blast set off at the Iron Works.

There will be a moonlight concert at Emma Square this evening at half past seven o'clock, weather permitting. The band will also play at the O. S. S. wharf, on the departure of the *St. Paul*.

Mr. M. Hartman wishes to state that he accepts the challenge to skate a five-mile race with Mr. Mullen, according to the arrangements of the challenge already published in the Press.

The Postoffice will ship no mail by the steamer *St. Paul* to-day, unless such mail is marked to go by the *St. Paul*. All other mail will be shipped by the *Mararua*, which is due here en route to San Francisco, to-morrow.

Miss Genevieve Ward, the celebrated tragedienne, arrived by the *Australia* yesterday. Miss Ward intends visiting the volcano and other points of interest on the Islands. It is reported that she will give one reading here.

The bark *Elisnore* was hauled alongside the P. M. S. S. wharf yesterday forenoon, and had barely commenced discharging her cargo when the *Australia* was telephoned. She was then removed to the *Likilike* wharf, to make room for the mail steamer.

The *Overland Monthly* for December, has an article on "Hawaiian Volcanoes," by Mr. Edward P. Baker, of these Islands, and a list of poetry written by Mr. E. C. Sanford, formerly of Oahu College. The article on Hawaiian volcanoes is especially interesting.

Yesterday afternoon a small native boy was walking along the Esplanade with his head in the air, whistling "Hawaii Pono," when he suddenly tripped, and took a header into a large mud puddle. The last seen of him he was being hauled out by some friendly natives.

Teachers of Honolulu will please take notice that a business meeting is to be held at the Fort-street school this afternoon at half-past two o'clock, as was previously announced in the Press. The meeting is called by order of Miss Lulu Moore, Secretary of the Teachers' Association.

Mr. M. Goldberg left by the steamer *Australia* yesterday for San Francisco. Mr. Goldberg goes to the coast to purchase a new stock of goods, embracing all kinds of gentlemen's furnishings, goods, and will return about the middle of January. He will open his stock in the store formerly occupied by the Temple of Fashion, at the corner of Fort and Merchant streets.

The holidays are near at hand, and, according to old-time custom, presents to your friends will be the order of the day. And when you start out on a purchasing tour, you should by all means call on West, Dow & Co., and examine their large assortment of Christmas cards and all kinds of holiday goods. They have the largest stock in the city, and say they will sell good-very cheap.

Word has been received from Kawai- loa ranch that the large reservoir situated several miles above the house and

used for storing water for cattle and irrigation, is at present overflowing. The reservoir has never been dry since it was constructed several years ago, although it only drains a small area of watershed. It is proposed to construct reservoirs on the same general plan in the development of the Hawaiian Colonization Scheme.

A quiet wedding took place last evening at the residence of Mrs. Coney, corner of Richard street and Palace walk, the participants being Miss Ellen Coney and Mr. J. A. Graham. Rev. J. A. Cruzan officiated. After the ceremony the guests adjourned to the residence of Mr. J. Ena, where a sumptuous repast was served. The bridal party leaves for the Coast by the *Mararua* to-morrow. The Press wishes the couple a long life of happiness and prosperity.

A new and elegant perfume, called the "Aloha Perfume," has been made by Eastman & Bro. of Philadelphia, and is now imported and offered for sale by Messrs. Hollister & Co., at their stores on Fort street. The perfume is most deliciously delicate and lasting, and is a decidedly original perfume. It is put up in neat bottles, which retail for \$1 each, and each purchaser is given a nicely printed little pamphlet of eight pages containing the Hawaiian legend of "Aloha." Aloha toilet soap, highly perfumed, is also one of the novelties introduced by this firm.

The Mutual Life Insurance Co. of New York, has issued a neat portfolio containing pads, nicely stitched in a flexible cover, together with weekly statements for the month of November, 1885. S. G. Wilder is the agent of this company for the Hawaiian Islands. By the weekly statement ending Nov. 16th, it is shown that the total amount of death claims paid that week was \$115,846, while the matured endowments paid the same week amount to \$45,939.99. The showing of all the statements is equally good. The total assets of the different departments of the company can be seen in Mr. Wilder's advertisement in another column.

They say: that good King Kal. is not responsible for the folly of the present Administration; that the Christmas feeling of old times is already creeping over the community; that the American fashion of electioneering is to be introduced here this campaign; that the editor of the *S. F. Merchant* talks of Hawaiian politics just as if he had never lived here, don't you know; that the American custom of New-Year calls will be observed this year in Honolulu; that the theory of free whisky will ultimately knock its advocates out of political equilibrium; that the manners of Anglo-manics are taking hold of the native population; that the new literary society will be organized the first of the year; that the much-ado-about-nothing policy of the Hawaiian Government will not be able to fool the natives much longer; that the wedding last night was celebrated in the latest style; that the bona fide voters of Hawaii will be increased 20 per cent., if necessary, before the coming election; that some new Hawaiian songs will be published soon; that the greatest claim to advance political ideas does not warrant reckless financial policies; that Japan never offered to buy the Hawaiian Islands, because they were never offered for sale by the King; that the San Francisco newspapers will feel awfully ashamed of themselves when the next Hawaiian mail reaches the Coast; that the party of the first part does not always agree with the party of the second part in regard to political parole contracts; that Santa Claus is coming to Hawaii in a native canoe this year; that the native political orator is busy learning the speeches which have been written for him; and that the people of these Islands never see themselves as others see them.

The Latest American Invention. THE VICTORY OF ELECTRICITY.

Since Electricity has been applied for lighting purposes, all efforts of inventors have been directed to construct a lamp for general domestic use. The reason why this problem has till now not been solved, is that none of the inventors could rid themselves of the idea of gas lighting, and that all have adhered to the system of producing the Electricity in some central place, or by large machinery, instead of first laying down the principle that a Lamp which should ever become generally useful and popular, must be portable, like an Oil Lamp, and contain the generator of Electricity in itself, i. e., in the foot of the Lamp.

The Norman Electric Light Company has at last succeeded in completely realizing this ideal of Electric Lighting, and there is no doubt that this most important invention will bring about a complete revolution in all branches of lighting.

Our Electric Lamp needs neither Machinery, Conductors, nor any expensive outlay, and is neither complicated nor disagreeable in manipulation; all that is necessary is to refill it every four or five days with acid. The cost of lighting will be as cheap as gas (3 cents per hour), and it has before the latter the immense advantage of neither producing heat, smoke nor carbonic acid, owing to which the air is not impaired, and remains at the same degree of temperature. It is further absolutely inodorous, and does not need to be kindled by match, or otherwise, but simply by turning the key, thus avoiding all danger of fire, explosion or suffocation, as in the case of gas, if the key is left open; and it must be conceded that this advantage alone is invaluable. It is further preferable to any known kind of lighting for the following reasons:

(1.) Its manipulation is so simple that any child can keep it in order.

(2.) That the Lamp is portable, and can be removed like any Oil Lamp, from one place to another.

(3.) That it neither requires the disagreeable fixing of the wick, or the cleaning of the cylinder, as in the case of Oil Lamps, nor (4.) That the light produced is a soft and most steady one; that it never flickers, and the flame, though being equal in power of lighting to gas, can be regulated to any degree.

(5.) That every danger of fire is absolutely excluded, as the light will extinguish immediately, if by any accident the glass surrounding the burner should be broken.

(6.) That it will burn, even in the strongest wind, completely unaffected, thus being invaluable for illuminations, lighting of gardens, recorders, etc.

This Lamp is constructed for the present in three different sizes:

A., small size. Height of complete Lamp, 14 inches; weight, about 2 pounds; for lighting rooms, cellars, storage houses, powder magazines (or similar places where explosives are kept), coaches, illuminations, gardens, mines, or any other industrial purpose. Price, \$1 — per lamp, delivered free to any part of the world.

B., medium size. Serves all domestic purposes for lighting rooms, houses, etc. This Lamp is elegantly decorated, and has removable white Ground Glass Globe. Price, per Lamp (inclusive of Bronze Foot and Globe, richly and elegantly constructed) \$2 —, delivered free to any part of the world.

C., grand size for Parlor, Hall, Saloon, Public Building, etc. The Lamp gives a most brilliant and steady light, has large, removable white Globe, decorated most tastefully, and the workmanship is both first-class and elegant. Price \$4 to —. Foot of Lamp is either Bronze, Japanese, Faience or Silver Oxide.

Any special size or design made to order. Estimates furnished.

All Lamps are ready for immediate use, and will be sent, securely packed in strong wooden box, with printed directions for use, a quantity of chemicals sufficient for several months' lighting, and one extra burner for size A, and two for sizes B and C. The necessary chemicals can be purchased in any drug store, in even the smallest village.

Every Lamp is accompanied by a written guarantee for one year, and will be exchanged for a remittance to cover the amount, or first-class reference on a New York or Philadelphia house.

The best method of sending money is by draft on New York, which can be procured of any banker, and everywhere, or enclose the amount in bank notes, gold coin, or postage stamps of any country of the world.

All orders, the smallest as well as the most important, will receive the same particular attention, and will be forwarded without delay.

Our Electric Lamps are protected by law, and all imitations and infringements will be prosecuted.

Agents, Salesmen on Commission, and Consignees for our Lamps, wanted everywhere. No special knowledge or capital required.

A fortune to be made by active persons.
